PROFESSIONAL PROFILE

Ambitious and enthusiastic Full Stack Web Developer with a background in health and fitness and life-long dedication to learning. Highly collaborative with a “can do” attitude, and effective at combining creativity and problem solving to develop user-friendly applications. Known amongst staff for perseverance, proactivity, and attention to detail no matter the complexity of the project.

APPLICATIONS BUILT

YUM(ME)!

Team Size: 4 • Duration: 1 week

A fully mobile-responsive, RESTful application that gives users an incredibly “CRUDy” experience without the hassle of searching through bookmarked pages, printing recipes, and scrolling through annoying ads. Moreover, users can modify, revise and add recipes ...Welcome to your new-age, personalized cookbook!

Personal Contributions: Front-end design and functionality using Express Handlebars, Bootstrap, JavaScript/jQuery, and CSS.

INGREDIFEED

Team Size: 2 • Duration: 1 week

Studies continue to reveal the impact of increased options on one’s ability to make a choice let alone feel satisfied with it! With IngrediFeed, make an easy choice and feel satisfied with it! This application calls on two APIs by querying ingredients, health restrictions or cuisine to then deliver three recipes. If you love it, save it to your favorites!

Personal Contributions: Front-end design, and functionality including user validation utilizing Materialize, CSS, and JavaScript/jQuery.

RELEVANT EXPERIENCE

Computershare Kurtzman Carson Consultants LLC

Senior Intake Specialist & Team Lead, April 2017 – Current

Achieved two promotions in two years to team lead through proactive development of technical and leadership skills, and industry knowledge, in a fast-paced, constantly changing team environment. Developed and implemented numerous organizational and reporting systems. Demonstrated teamwork, leadership, adaptability, problem solving, communication, time management, work ethic, listening to and providing feedback, and project management.
